My dear students let me enlighten you with some of my insight on self respect. The most important of the virtues of self-confidence is self respect. Your whole character and behavior depend first and foremost on the judgment you have about yourself. The self-confident and fearless man wins the great battle of life. Courage, perseverance, cheerfulness: almost all virtues are found in a person who respects himself. All other virtues emanate from self-respect. On the other hand, all the other evils of self-decline have never been done well by traitors and comrades in the history of the world. A brave enemy deserves more consideration than a cowardly comrade. How can one who does not respect himself be brave? Not bowing to the enemy has been a characteristic of men with great self-confidence. They prefer to die rather than surrender to their enemies. A true hero is no more afraid of death than slavery and chains. Humility is incompatible with self-respect and this is what every young person should strive for.

INDIA OF "OUR" DREAMS

FROM THE PEN OF: MS. SHUBHRA SRIVASTAVA

15 August and 26 January sound awesome. It fills us with great and exhilarating energy. On these two days we salute the rich heritage and culture of our country with pride and dignity. Think it over. Why only on these two days we mean to be citizens of India??? People blame the youth or the present day condition for the present situation of India. People fail to realize that they are only nurturing the fruits of those trees which their forefathers have planted years back. We are the loud enough to say "INCREDIBLE INDIA".

But has anyone peeped in how this Incredible India actually is?? Poverty, caste discrimination, murders, scandals, corruption and so on. The list is never ending. We simply blame the government naming 'THEY' or THEM but never 'I' or 'WE': We fail to realize that it was that 'I' which has marked the end of the stupendous glory of India. Today in this fast moving world humanity has come to an end. The growing evils in the country have gulped the truth for humanity in the country. India is the largest democracy in the world. The Constitution empowers every Indian with fundamental and legal rights that gives them a say in the governance of the country, truly making India a nation of the people. But there are many corners of the country where people still suffer for their rights, for them democracy is an unfulfilled reality, a sophisticated dream. The Golden Bird has lost its splendour, rich heritage and culture, the modern world has blurred its real charm and beauty. Bribes, money scandals have become common in India. Before giving bribe to someone every citizen must remember it is not only money but those are the values we are giving to our motherland and the upcoming generations. Simply participating in strikes, or blaming a political party will never help it will only rejuvenate if we Indians don't remove the evils and filthy attitude from ourselves because no one is born perfect! So, if a little effort is put by all Indians, the Golden Bird will regain its splendor, not forming an India of my dreams, but an India of our dreams!

मुश्किल है पर नामुम कन नहीं

रास्ता थोड़ा मुश्किल है

पर नामुम कन नहीं।

वक्त तुम्हारा है,

सपने भी तुम्हारे हैं,

और मंजिल भी,

पूरा भी तुम्हे ही करना है।

समय थोड़ा है,

पर तुम्हारा है।

चाहे तो सोना बना दो,

या सोने में बिता दो।

WORDS OF: Ms. Ayushi srivastava

That's Not Easy!

It's easy to step back from the situations and challenges. But it's difficult to face the guilt of stepping back and the consequences.

What really matters is the courage to go forward and face your failure or victory. Because, **THAT'S NOT EASY!**

It's easy to say No to someone. You don't need the courage behind that one 'NO'.

What really matters is the way you present your disagreement with modesty. Because, **THAT'S NOT EASY!**

It's easy to lie to someone but not the motive behind that one lie.

What really matters is to accept and apologize for the lie. Because, **THAT'S NOT EASY!**

As a human we are bound to make wrong decisions and commit mistakes.

What really matters is to accept your mistakes, wrong decisions, learn from it and move ahead in your life. Because **THAT IS NOT EASY!**

NATURE A BEAUTIFUL WORLD

Nature so vast and grand,
A beauty that we cannot comprehend.
From mountains tall and valleys wide,
To oceans deep and rivers tide.
The sun, A ball of fire bright,
With rays that reach and warm are sight.
The stars, that twinkle in the night.
In constellations, they take a flight.
The wind that dances through the trees,
And whisper in our ears With glee.
The Rain that soothes and calms our fears,
And bring life to all that's near.
Nature, so perfect, pure and true,
A world of wonder, waiting for you .
Embrace it all and take it in,
And cherish it, for it's a gift within.

DON'T QUIT

Giving up on your favourite things.

Is like cutting of bird's wings

Without which, a bird cannot fly.

Quitting will only make you cry.

Instead of chopping off your dreams

And tearing your life apart at the seams

Work hard and keep trying

So like a bird, you can continue

Flying

'BLOOM WHERE YOU ARE PLANTED'

Flower Making Competition

On 5th of August 2023 our school hosted a flower making competition in which children from different classes showcased their creativity and wonderful crafting by making beautiful flowers through papers, stocking and wires. Beautiful, colourful and various types of flowers were made by little children; this competition really brought the young ones closer to nature and mother earth.

'MANNERS ARE PRIMARY COLORS OF LIFE'

Table Manners

In today's society, good table manners are often seen as a sign of good breeding and are therefore important in social and business settings. Table manners have evolved over time, but some basic tenets remain the same. For example, it is still considered impolite to chew with your mouth open or talk with your mouth full. You should also avoid reaching across the table for food or drink; instead, ask the person nearest to you to pass it to you. All such traits were very beautifully conveyed by our students in the form of speeches, poems and acts.

'WHEN YOU REFUSE TO REUSE, IT'S THE EARTH YOU ABUSE'

WASTE SEGREGATION

Waste segregation can be defined as the process of identifying, classifying, dividing and sorting of garbage and waste products in an effort to reduce, reuse and recycle materials. In order to segregate waste appropriately, it is important to correctly identify the type of waste that is generated. Waste Segregation is always step one for all types of waste management solutions that may be implemented either on individual level or community level. This message was very well presented by the students of class IV-A.

'The language of friendship is not words but meanings'

FRIENDSHIP DAY

Friendship is one of the greatest bonds anyone can ever wish for. Lucky are those who have friends they can trust. Friendship is a devoted relationship between two individuals. They both feel immense care and love for each other. Usually, a friendship is shared by two people who have similar interests and feelings. You meet many along the way of life but only some stay with you forever. Those are your real friends who stay by your side through thick and thin. Friendship is the most beautiful gift you can present to anyone. It is one which stays with a person forever.

'When there is unity there is always victory'

Strength in Unity

Strength in unity means staying united in all situations. It has a great value in all walks of life. When we are united then we can surmount any challenges and accomplish any goal. The development of our society and country depends on this spirit. We should think beyond petty interests and work united for much broader goals of bringing prosperity and progress in our society and country. This beautiful message was conveyed by the students of Class IV B in the form of an act.

'THE FERVOUR OF PATRIOTISM IS ETERNAL'

Patriotic Singing competition

The purpose of the competition was to bring unity and the hidden talent among the students. Each class prepared a patriotic song under the guidance of their class teachers and sang beautiful evergreen songs. Audience thoroughly enjoyed their performances and confidence. The students were all very participative and showed great presentation to the judges. The judges were very impressed and we'll appreciate the students.

'No matter how many times I fall, I will still rise'

FREEDOM FIGHTERS

Freedom fighters were people who sacrificed their lives selflessly for the freedom of their country. Every country has its fair share of freedom fighters. People look up to them in terms of patriotism and love for one's country. They are considered the epitome of patriotic people. One cannot emphasize enough on the importance of freedom fighters. After all, they are the ones because of whom we celebrate Independence Day. A heart warming presentation was given by our students on the topic.

'ARISE AWAKE AND DONT STOP UNTIL YOUR GOAL IS ACHIEVED'

INTERNATIONAL YOUTH DAY

International Youth Day (IYD) is an awareness day designated by the United Nations. The purpose of the day is to draw attention to a given set of cultural and legal issues surrounding youth. The first IYD was observed on 12 August, 2000. During IYD, concerts, workshops, cultural events, and meetings involving national and local government officials and youth organizations take place around the world. In our school, this day was celebrated with an awakening speech and a beautiful dance presentation by the students.

'THE ART OF MIME ENCOMPASSES ALL THE FEELINGS OF THE SOUL'

MIME COMPETITION

As August Bournonville said, "The art of mime encompasses all the feelings of the soul." Mime is an art or a technique of portraying a character, mood, idea, or narration by gestures and bodily movements. Immaculate Conception organised an Inter House mime competition on the theme of Independence Day. The four teams representing each house namely Red House, Yellow House, Blue House and Green House performed wonderfully and spellbound the audience with their performance. The contestants dressed up in traditional mime costumes did the art justice including face paint and gloves. All the teams impressed the judges and the audience but finally Yellow House bagged the first prize.
