# From the Principal's Desk

SR. TESSY ANTONY

*Dear students let me share you with an example how struggles makes you success and cheerful .*

*One day a man was passing by a garden when he saw a butterfly cocoon which was about to get open.*

*He saw a small opening on it and watched the several hours of struggles the butterfly came through to get the body out of it. After many hours, it seemed that the butterfly stopped trying as there was no progress.*

*He thought to help the butterfly by cutting the cocoon with a scissor. So the butterfly came out easily but the wings were shriveled and the body was tiny and withered.*

*Unfortunately, the butterfly was not able to take flight and spend the rest of life crawling with a wounded body.*

*So my dear students*

*This is nature's way of telling the importance of struggles in life. Sometimes, different kinds of struggles are needed in life to make you stronger in the future. Never feel disappointed in life and stop trying when life offers you struggles but keep on fighting until you see success.*

*Wish you success for your unit Exams.*

*Stay happy .*

## ***An act of kindness : class 8A inspires us all***

*Kindness is the quality of being polite and considerate towards others. It is a quality that not everyone possesses. Very few people in this world are blessed with this quality and their presence is a blessing for those around them.*

*Kindness simply means being good to people around us. It can be done by being polite to them, offering them emotional support, helping them financially, boosting their morale or by simply being supportive to them. Kind words and kind deeds done by us are not only a boon for the recipient but are also a blessing to us.*

*As we all know, Kindness is the greatest virtue. .class 8-A's assembly gave us the real meaning of this famous phrase and inspired us all through their considerate assembly. To help students, they set up a box of kindness in which students Shared their acts of kindness on a paper. The winners were awarded with a plant.*

## Earth Day: Celebrating Our Planet Earth Day

Observed annually on April 22nd, is a global event dedicated to raising awareness about environmental issues and promoting actions to protect our planet. Since its inception in 1970, Earth Day has grown into a worldwide movement, uniting millions of people from diverse backgrounds in the common goal of environmental sustainability.

As we celebrate Earth Day each year, it serves as a reminder of the interconnectedness of all life on Earth and the shared responsibility we have to be stewards of our planet. By coming together as a global community, we can create a sustainable future where people and nature thrive in harmony. Assembly conduct by our Students on 22 April 2024.

## **Elocution Competition(Hindi and English std 6 to 8)**

An elocution competition is the art of public speaking that gives us self-boost and confidence to speak in front of a large audience. It enables children to create a connection with the audience who is listening to them through voice modulation. When the child is reciting, he/she brims boundless energy and resilience. Proper training in speech and drama and a lot of conviction are essential during any elocution competition. An elocution competition at school level gives students an opportunity to combat one of the biggest fear factors i.e. stage fright. The Inter House School Hindi Elocution Competition was held on 22 April and English Elocution Competition on 23 April. Every single contestant performed well and their speeches were really exciting. In both elocution Blue House bagged first prize.

## Poem Recitation

I-V

*Poetry has long been cherished as a form of artistic expression, but its benefits extend far beyond mere enjoyment. For children, engaging in poem recitation not only enhances language skills but also fosters creativity, confidence, and emotional intelligence. In today's fast-paced world, where digital distractions abound, the tradition of reciting poetry offers a timeless opportunity for children to connect with language in a profound way. Language Development, Cognitive skills, Expressive Skills, Confidence building, Cultural Appreciation and Emotional intelligence.*

*In a world inundated with technology and rapid change, the tradition of poem recitation stands as a timeless practice that nurtures the hearts and minds of young children. By engaging with poetry, children develop essential language skills, cognitive abilities, and emotional intelligence, while also cultivating a lifelong love for literature and the arts. As educators and parents, let us embrace the power of poetry to inspire, educate, and enrich the lives of the next generation.*

***And our school children did it so well and here we have the Winners.***

***Poem recitation***

***Class I-V***

*Certainly! One engaging science experiment that's suitable for students in grades 5 to 8 is an investigation into the water cycle. You could set up an experiment to demonstrate the different stages of the water cycle, such as evaporation, condensation, and precipitation. This experiment allows students to observe and understand how water moves through the environment.*

## Celebrating Excellence: Class Toppers of Batch 2023-2024

*In a proud moment for our school, we recently honored the class toppers of the Batch 2023-2024. Their dedication and hard work have not only earned them academic excellence but have also inspired their peers. As they embark on their next journey, we congratulate them and wish them continued success.*

## Equality and inclusivity : Ensuring fairness and inclusion for all

*EQUALITY MEANS TREATING EVERYONE THE SAME, NO MATTER WHO THEY ARE. IT'S AN IMPORTANT IDEA BECAUSE IT MAKES SURE THAT EVERYONE HAS THE SAME CHANCES AND RIGHTS.*

*EQUALITY MEANS GIVING EVERYONE THE SAME OPPORTUNITIES. THIS MEANS THAT NO MATTER YOUR RACE, GENDER, OR BACKGROUND, YOU SHOULD HAVE THE CHANCE TO DO WHATEVER YOU WANT IN LIFE. WHETHER IT'S GOING TO SCHOOL, GETTING A JOB, OR FOLLOWING YOUR DREAMS, EQUALITY MEANS EVERYONE GETS A FAIR SHOT.*

*ASSEMBLY CONDUCTED BY CLASS 7-A INCLUDED A MESMERIZING AS WELL AS AN EYE OPENING MUSICAL DRAMA TO SPREAD THEIR MESSAGE.*

## *Badminton : Smashing success with shuttle cocks*

Badminton is a competitive sport that requires speed, agility and skill on the court. A badminton match consists of the best-of-three games of 21 points. It is a racquet sport in which two or four players hit a shuttlecock back and forth using racquets held crosswise. The shuttlecock is very light.

Playing badminton is an excellent exercise for the body. It strengthens muscles, enhances reflexes and motor coordination, increases flexibility and improves balance. It helps with these things better than other sports because it uses every muscle in the body.

A house-wise badminton competition was organised for high school. Students took part, played with full enthusiasm and gave their best to bring victory to their teams.

## Celebrating Acts of Kindness: School Honors Students with Prizes

*In a heartwarming gesture, our school recently recognized and rewarded students who demonstrated acts of kindness. From lending a helping hand to a struggling classmate to spreading positivity with words of encouragement, these students exemplified the values of empathy and compassion. In a special ceremony, they were presented with prizes as tokens of appreciation for their selfless actions. Beyond the tangible rewards, this initiative highlights the importance of kindness in fostering a supportive and inclusive school environment. It serves as a reminder that small gestures of kindness can have a profound impact on others, echoing the sentiment that kindness is indeed its own reward.*
